

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding controlled dangerous substances (CDS) and alcohol in the workplace (41 USC § 8103). Procedure 104 (Drug Testing and Use of CDS) supplements this policy by providing procedures on the Department's drug testing program.

1006.2 POLICY

It is the policy of the University of Maryland, Baltimore Police Department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and CDS use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

1006.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using CDS or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to CDS, medication or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

Human Resource Service offers a voluntary Employee Assistance Program (EAP) to assist those who wish to seek help for alcohol and CDS problems (41 USC § 8103). Insurance coverage that provides treatment for CDS and alcohol abuse also may be available. It is the responsibility of each employee to seek assistance before alcohol or CDS problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member is on-duty and informs a supervisor that he/she has consumed any alcohol, CDS or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from a licensed physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol, CDS or medication, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported to a safe location (e.g., residence, hospital, etc.) away from the Department.

1006.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening under any the following circumstances (Md. Code HG § 17-214(h)):

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or CDS that is impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

An officer who is under investigation may be ordered to submit to a blood alcohol test and/or a blood, breath, or urine test for CDS when the testing specifically relates to the investigation (Md. Code PS § 3-107).

Drug- and Alcohol-Free Workplace

1006.7.1 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test (Md. Code PS § 3-107).
- (b) After taking a screening test that indicates the presence of a CDS, fails to provide proof, within 72 hours after being requested, that the employee took the CDS as directed, pursuant to a current and lawful prescription issued in the employee's name.

1006.7.2 TESTING REQUIREMENTS

The provisions of a collective bargaining agreement that cover preliminary drug testing of a job applicant preempt conflicting portions of this policy (Md. Code HG § 17-214(l)).

When an employee is required to be tested for job-related reasons for the use or abuse of any CDS or alcohol, this department shall:

- (a) When using a single-use test device, collect, handle, store and ship each specimen in a manner that maintains the employee donor's identity and confidentiality, the physical integrity of the specimen and precludes contamination of the specimen (Md. Code HG § 17-214(d)(1)).
- (b) Maintain a written record of the chain of custody of each specimen from the time that the specimen is collected until the time that the specimen is no longer needed for retesting (Md. Code HG § 17-214(d)(2)).
- (c) Have the specimen tested by a laboratory that is certified or otherwise approved and at the time of testing provide the name and address of the laboratory, if requested by the employee (Md. Code HG § 17-214(b)(1)).
- (d) Upon notice from the laboratory that an employee has tested positive, deliver to the employee by certified mail or in person and within 30 days from the date the test was performed (Md. Code HG § 17-214(c)(1)):
 - 1. A copy of the laboratory test indicating the test results.
 - 2. A copy of this policy.
 - 3. If applicable, written notice of intent to take disciplinary action, terminate employment or change the conditions of continued employment.
 - 4. A statement or copy of the provisions set forth in Md. Code HG § 17-214(e) which permits the employee to request independent testing of the same sample for verification of the test result.

1006.7.3 DISCLOSURE OF INFORMATION

Information that may not be disclosed to the Department includes (Md. Code HG § 17-214(i)(1)):

- (a) The use of a nonprescription drug, excluding alcohol, that is not prohibited under state law.

Drug- and Alcohol-Free Workplace

- (b) The use of a medically prescribed drug, unless the employee being tested is unable to establish that the drug was medically prescribed for the employee in accordance with state law.

The prohibitions against disclosure of information do not apply to the extent that they prevent a person from complying with the applicable provisions of the federal Commercial Motor Vehicle Safety Act of 1986 and the federal Motor Carrier Safety Regulations (Md. Code HG § 17-214(i)(2)).

The results of a mandatory test are not admissible or discoverable in a criminal proceeding against an officer (Md. Code PS § 3-107).

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the employee's medical file in accordance with the Personnel Records Policy 1013.
